WHY WAIT FOR REPAIRS OR REBUILDS?

- Torque Limiters
- Drive Systems
- Clutches & Brakes
- Gear Boxes

Why wait for repairs or rebuilds?

With lead times on factory repair quotes taking weeks and the actual repairs taking months to complete, why not call Carlson-Diamond and Wright?

We can do it!

Our repair department is fully equipped and staffed with highly trained and experienced service technicians.

Because we are authorized distributors of the top manufacturers in the industry, you can be assured that your repair will be done with genuine new parts, correct costs and work done by properly trained mechanics.

Factory warranty match on repairs and rebuilds

Our guarantee is the same as the manufacturers guarantee for the same piece of equipment when new.

Fast and friendly customer service

You can expect prompt quotations and reasonable delivery when we do your repairs.

Call us to schedule an inspection and quotation service call. We will waive our service call fee if we repair or replace the unit.
