**MOLINE
BEARING CO.**

FEATURING: MOLINE BEARINGS

Moline Bearing Co. is a premier manufacturer that *Carlson-Dimond & Wright* represents. They are a real life example of a company that actually delivers on the promise of ***price, quality and service***. Founded in 1869 and featuring American made products, *Moline Bearing Co.* provides real value to our customers.

Competitive Pricing – Always!

It Starts With Products

Equal or better quality than the competition

Moline Type E Tapered Roller Bearings feature the Timken cup/cone assembly with all other components made here in the USA. Their Spherical Roller Bearing units are now supplied with SKF and Timken inserts.

Interchange is available with most competitor's units.

And Ends With Services

Fast Service

- 97% of orders are shipped the same day received
- 1 - 2 day delivery time

Engineering Support

- Moline breaks down your issues
- CAD drawings at NO charge

Meeting Your Needs

- Specialty housings, modifications and coatings
- Small runs welcomed
- Engineering support available at no charge

And Remember...Competitive Pricing – Always!

Secondary Products Include:

Products include: Type E Tapered Roller Bearings, M2000 Spherical Roller Bearings, M3000 Even-Lok™ Spherical Roller Bearings, and Normal Duty Mounted Ball Bearings with Set Screw and Eccentric Locking collar types. Support products include Tapered Bushings, QD Bushings, Weld on Hubs, Shaft Collars and Pulleys. All of these products are available in a range of sizes suitable for most industrial requirements.
